Online Inductions
Core System

Streamline onboarding with Altora's online induction software. Ensure compliance, customise training, & manage inductions from anywhere, anytime.

Check-in System
Optional add-on

Self check-in for contractors from their own mobiles or setup physical kiosks. Designed for seamless multi-site management.

Contractor Management
Optional add-on

Industry-leading Contractor Management System. Join over one million users. Monitor compliance and pre-qualify your contractors.

Working with the team at Altora has been very easy. They are only a phone call away and have always been available to assist and answer questions.

Core system

Online Inductions

Simplify workplace inductions with our flexible and cost-effective online induction software.

It's easy to use, enables visibility and real-time tracking of workforce training, and helps to streamline onboarding processes.
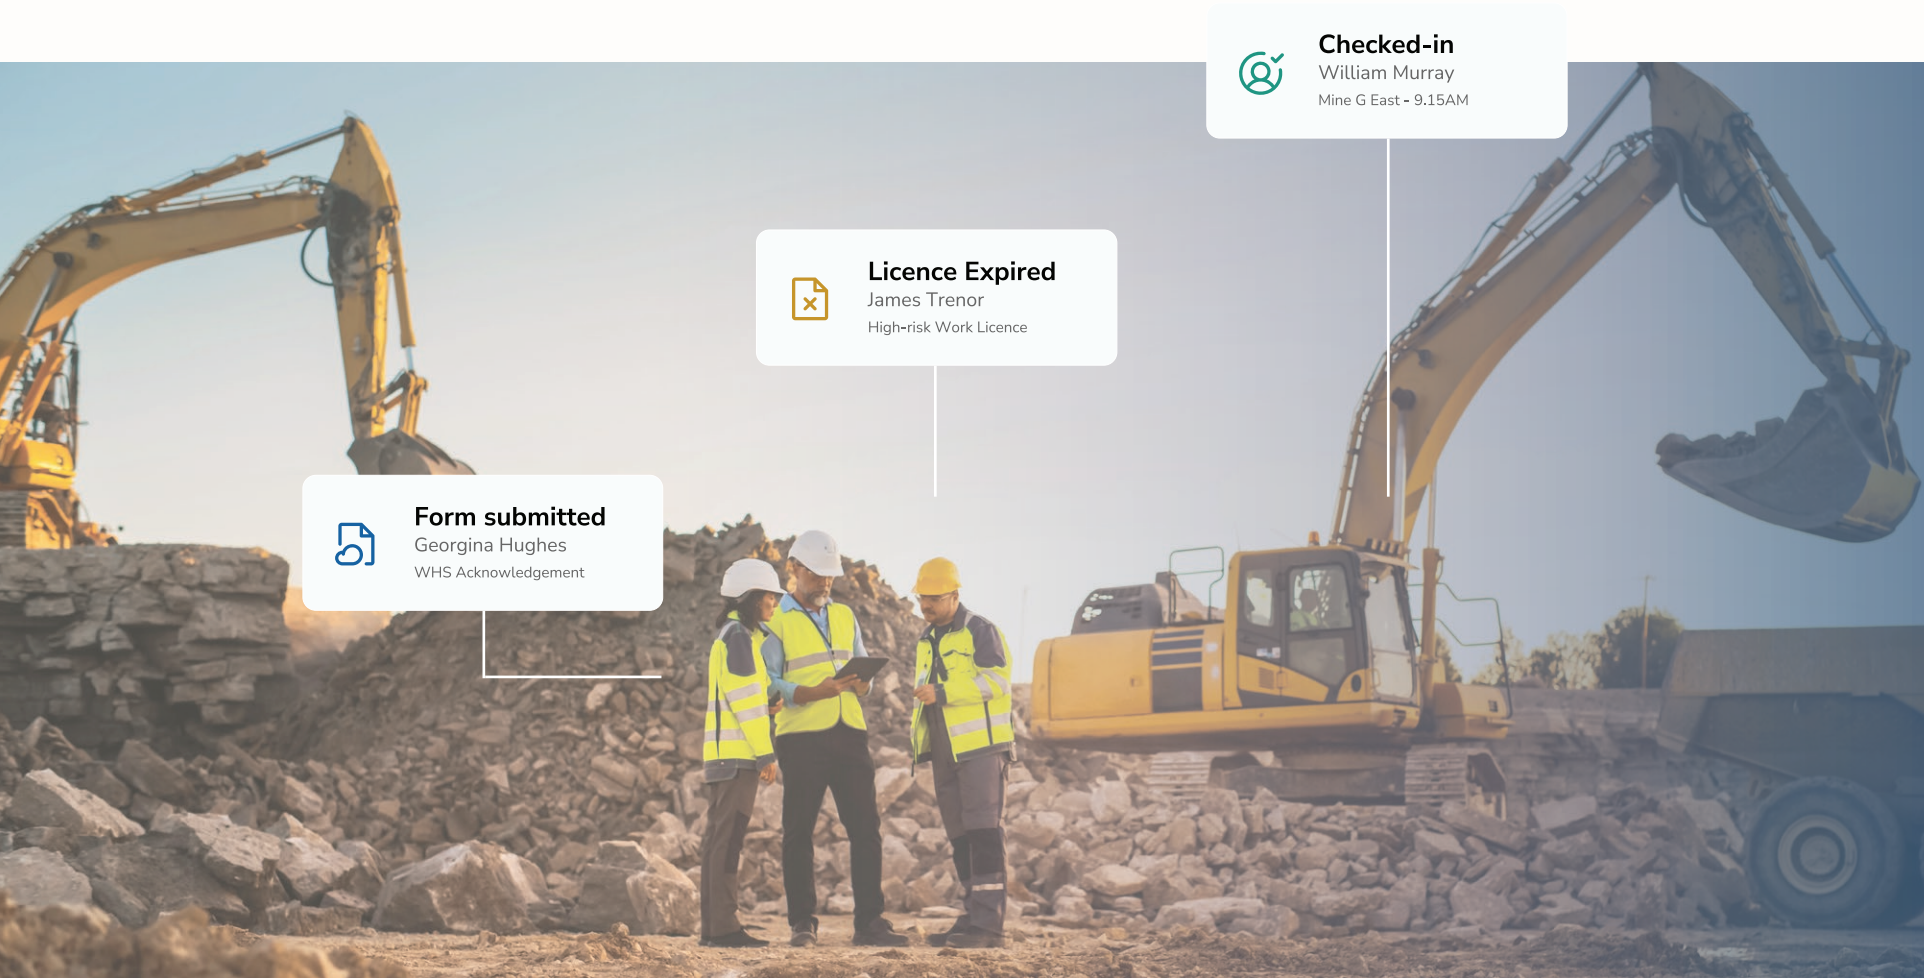

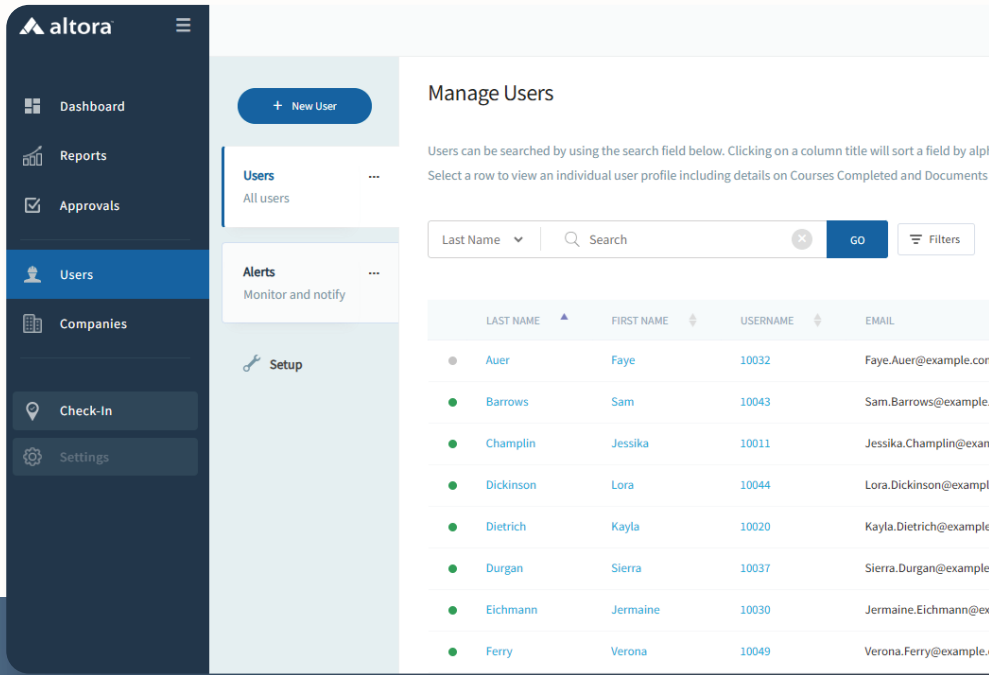

- Intuitive, simplified worker onboarding
- Save time and resources with online inductions
- Self-manageable, and cost-effective
- Collect docs, brief on policies, manage compliance
- Powerful reporting and up-to-date data

From $199 per month, with unlimited users included.

A complete workforce management solution

Combine with our **Contractor Management** & **Check-in System** add-ons for a complete workforce management solution:

- Take control of compliance management
- Stay on top of worker licences and qualifications
- Automatic tracking and notifications
- Prequalify contractors and manage compliance
- Meet and manage your WHS compliance obligations
- Powerful insights and reporting tools
- Minimal time setting up, ready to go within minutes

Checked-in

*With thousands of contractors and multiple sites, being able to meet growing business demands was becoming increasingly complex. But with Altora's innovative technology to **connect and optimise critical workflows**, we now have one approach that allows us to manage contractor onboarding and inductions.*

THALES

Patrick O'Callaghan
National Training Manager (HSE)
Thales Group Australia

Optional add-on
Check-in

Record worker sign-in using a tablet or simple QR code.

Ensure worker requirements are met and up-to-date before signing in.

Set up a tablet for every sign-in point you need on each of your sites. Keep records of who has signed-in previously and also, who is currently on site.

- Sign-in via QR code with easy set up
- Get who's-on-site reports in real time
- Simple site briefings and custom worker flows

From $198 per month, with 2 sites included and unlimited kiosks per site.

Optional add-on
Contractor Management

Capture and track worker compliance with ease.

Monitor and validate contractor compliance in real-time, with powerful insights and reporting, giving you reassurance you are meeting workplace compliance obligations.

- Simple prequalification process of contractors
- Manage and validate licences, permits and insurances.
- Allow contractors to manage their own workers
- Easy monitoring and reporting
- Rating and performance tools for contractors.

$249 per month, with unlimited companies and insurance/licence tracking included.
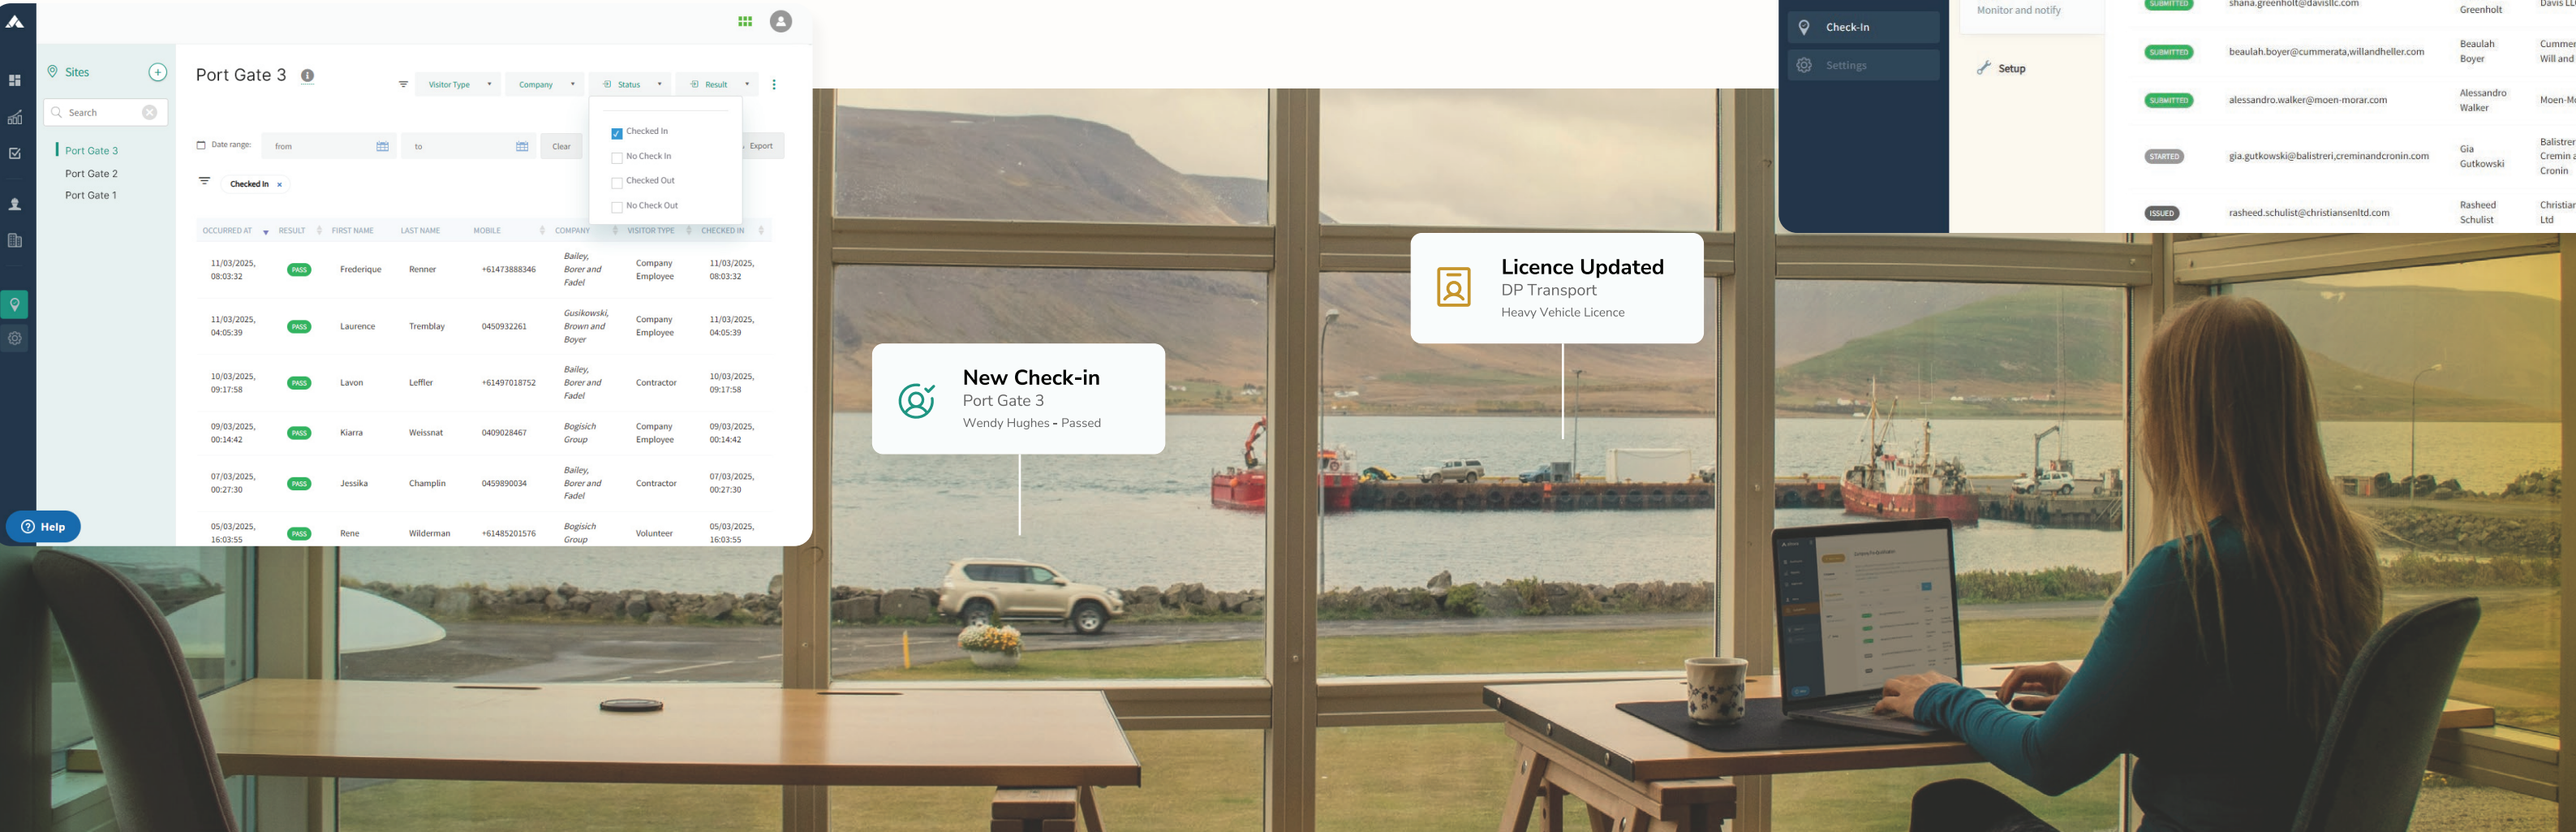

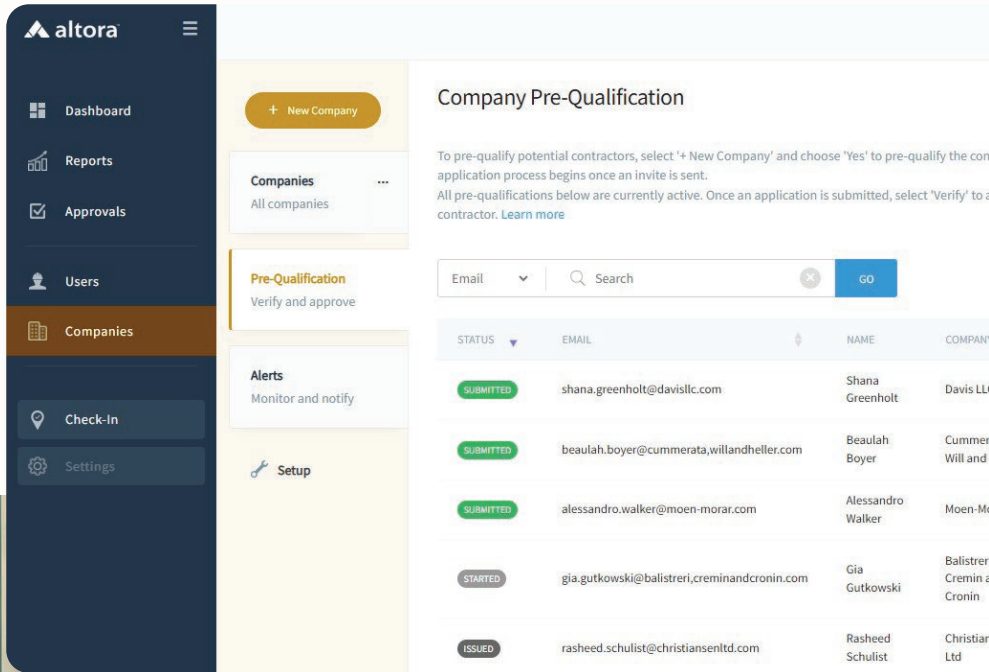

"
Altora has **adapted to our changing needs** and helped us maintain compliance across all our operations. It's been a crucial aspect of our success and continued growth
